

For Quilt Shop Blogs

Every pillowcase has a story. Create yours at our shop event.

The stories continue to pour in — stories of hope and comfort for sick kids, homeless families, and people who need to know someone cares. And each story is the result of someone like you, who uses her love of quilting or sewing to send caring messages to people in need.

The *American Patchwork & Quilting* 1 Million Pillowcase Challenge continues – and they need our help to reach their goal of providing 1,000,000 pillowcases to people who need to know someone cares. The need is great. Our compassion as quilters is greater.

So far, more than half a million pillowcases have been recorded on their website. **IF DESIRED, ADD NUMBER OF PILLOWCASES SHOP DONATED THUS FAR.**

Join us at our pillowcase event: **EVENT INFO HERE**. The pillowcases made during our event will be donated to **LOCAL CHARITY NAME**.

You can help create your own pillowcase stories — stories of hope and comfort for sick kids, homeless families, and people who need to know someone cares. And each story is the result of someone like you, who uses her love of quilting or sewing to send caring messages to people in need.

Pillowcases are a quick and easy project (and a great way to use up your stash). Even if you've never sewn before, you can make a pillowcase. The challenge website has free patterns and a how-to video to make it even easier!
